### Principal's Message

**Jermaine A. Harris**

I am delighted to be sharing in this publication of our Newsletter in my capacity as Principal. The task set before us is a mammoth one that can only be surmounted by a cooperative approach. We have been experiencing very challenging and tough times brought on by the pandemic, but it is proven that as a team we are prevailing over our circumstances.

The strategic direction laid since September 01, 2021, when I assumed duties at this respected institution, has set the stage for where we want to reach going forward. The current trajectory is good! We can only move upward from here on.

We will approach our challenges one by one. As your Principal, I will provide 'smart' leadership, where we will pick the low hanging fruits first. Our first order of business must be to build bridges, forge partnerships, consult with our valuable stakeholders: our parents, students, community members, corporate society and our alumni and friends, in order to provide a fertile environment for effective teaching and learning.

Our success is hinged on the theme adopted for the 2021/22 academic year, *"Enhancing the Culture of Success, Shared Goals, Shared Vision...Together we Achieve."* Inherent in the theme is the elevation of team work and interdependence.

Let us continue to build on our successes and be accountable for the things that are lacking. It is a good time to reflect, review and adopt best practices to catapult the school into a thriving path.

***\*Newly Appointed  
Principal, Sept.01, 2021.***
